# JUBILEE

Jubilee's design was inspired by images of ice caves and massive icicles. The radiance of Jubilee arises from the unique interplay of light between crystal jewels and glass rods.

El diseño de Jubilee se inspira en imágenes de las cuevas de hielo y los carámbanos macizos. El resplandor de Jubilee surge de la interacción única de luz entre las joyas de cristal y las varillas de cristal.

Le design de Jubilee a été inspire par des images de grottes de glace et de stalactites massives. L'éclat de Jubilee émane de l'interaction unique de la lumière entre les cristaux et les baguettes en verre.

Das Design von Jubilee entstammt dem eindrucksvollen Anblick von Eishöhlen und massiven Eiszapfen. Die Brillanz von Jubilee wird erreicht durch das einmalige Wechselspiel des Lichts zwischen den Kristallen und den Glasstäben.

Il design di «Jubilee» trae ispirazione da immagini di cave di ghiaccio e massicci ghiaccioli. Il fulgore di «Jubilee» deriva dall'esclusivo gioco di luci tra gioielli di cristallo e aste di vetro.

Дизайн люстры Jubilee подсказали образы ледяных пещер и громадных сосулек. Сияние люстры Jubilee создается от уникальной игры света, в которой участвуют одновременно декоративные кристаллы и стеклянные стержни.
