

VERTEX

Vertex™ draws its energy from the ancient pyramid form — sharply inverted, and underscored by a dramatic crystal spike. The design is intensely focused. Grouping several pendants together will impart significance to a subspace.

Vertex™ obtiene su energía de la forma de las antiguas pirámides: bruscamente invertida y subrayada por una dramática punta de cristal. El diseño tiene un enfoque intenso. Al agrupar varios colgantes se da importancia a un espacio secundario.

Vertex™ puise son énergie dans la forme des anciennes pyramides — radicalement inversé et rehaussé par une spectaculaire pointe en cristal. Le design est ici souverain. Le regroupement de plusieurs suspensions confère de l'importance à un sous-espace.

Vertex™ bezieht seine Kraft aus der Form der antiken Pyramiden – kühn auf den Kopf gestellt und mit einem auffallenden Kristalldorn unterstrichen. Das Design ist hochkonzentriert. Mit mehreren Deckenleuchten entsteht Größe selbst im kleinsten Raum.

Vertex™ trae la sua energia dalla forma delle antiche piramidi – completamente invertite e impreziosite da uno splendido puntale in cristallo. Vertex™ si basa su un attento design: raggruppando insieme diverse lampade a sospensione è possibile accentuare una particolare zona dell'ambiente.

Дизайн Vertex™ наполнен энергией древних пирамид, решительно опрокинутых и украшенных броской хрустальной верхушкой. Несколько подвесок, размещенные рядом, подчеркнут особую значимость части помещения.
